Learning Ally Results

- Reached 472,000 students, 99,000 educators in 17,500 schools.
- Over 135 million books read.
- 605 volunteers donated over 57,135 hours of service in 2019.
- Produced 955 titles for our growing audiobook library (293 "classic" audiobooks and 662 Voice text audiobooks that allow students to read along as they listen).
- Served 22,847 blind or visually impaired (BVI) students, including 1,121 college-aged BVI students through the College Success Program.
- Provided $846,000 in financial aid to support 3,904 students who would otherwise be unable to access our services.

The Need for Our Services

1 in 5 readers struggle with learning differences, and children from low-income communities are more likely to be affected.

More than 90% of elementary students with specific learning disabilities scored below proficient on the 2013 National Assessment of Educational Progress (NAEP).

Children with learning differences are twice as likely to be suspended and three times as likely to drop out of high school than their peers.

Only about 8% of the BVI community are fluent Braille readers.

Each year, less than 5% of books published worldwide are made available in accessible formats.
We now reach over
472,000 students
99,000 educators
17,500 schools
across the country.

“We have very limited resources here in
tahoe and Learning Ally has been a game changer.
We’ve seen an increase in student participation and overall engagement in
reading. Everyone who’s used it, LOVES it.”

Megan Steeves, Program Specialist.
Lake Tahoe Unified School vaDistrict

“Struggling readers who used
to say they hated reading have
discovered the joy of books after
being introduced to Learning Ally!”

Ginann Franklin, Director of Libraries and Educational Technology at Currey

A Word From Our CEO

Dear Friends,

2018-2019 was an extremely positive year in terms of impact, reach and revenue for Learning Ally. In a world where too many children struggle to read and learn, feelings of failure, heartache, shame and defeat are a daily reality. Over the past several years, we have been building partnerships and state of the art capabilities to turn struggling readers into life-long achievers. While this is a great start, there is so much more for us to do. We go into 2020 looking forward to the future.

Andrew Friedman - President & CEO

25% increase in students reading Learning Ally audiobooks

41% more pages read by students

49% more students reading with frequency that significantly impacts academic success
