“A Word From Our CEO

Dear Friends,

2018-2019 was an extremely positive year in terms of impact, reach and revenue for Learning Ally. In a world where too many children struggle to read and learn, feelings of failure, heartache, shame and defeat are a daily reality. Over the past several years, we have been building partnerships and state of the art capabilities to turn struggling readers into life-long achievers. While this is a great start, there is so much more for us to do. We go into 2020 looking forward to the future.

Andrew Friedman - President & CEO

“Struggling readers who used to say they hated reading have discovered the joy of books after being introduced to Learning Ally!”
