The Right Support Changes Everything

Reading challenges shouldn't limit potential. Our human-read audiobooks bypass print barriers so struggling readers can access grade-level content, excel in school, and thrive.

Why Human-Read Audiobooks Work:

- **Grade-Level Access:** Read content matching grade level, not reading level.
- **Comprehension Tools:** Interactive text-highlighting and built-in dictionary.
- **Customizable:** Adjustable reading pace, fonts, background colors, and spacing.
- **Independence:** Boosts independent reading and homework completion.

Double Rate of Reading Growth in 50 Days ▼

Our son loves books but struggled to read alone. Investing in this app brought true independence—it's one of our best decisions."

-Breanna, Parent

"Henry now reads for 90 minutes straight. Learning Ally opened a world he couldn't access before."

-Liz, Parent
