THE LEARNING ALLY AUDIOBOOK SOLUTION

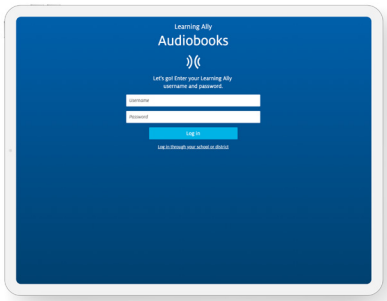
Getting Started With The Learning Ally Audiobook App

Welcome to the Learning Ally Audiobooks app.
Follow these simple steps to get started with your learning experience.

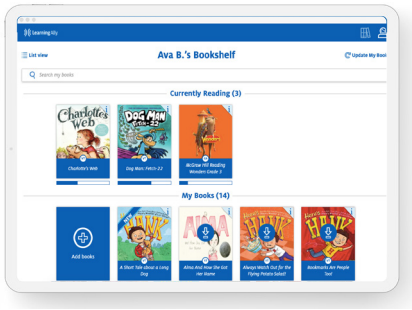
How to Install Learning Ally Audiobooks

Install Learning Ally Audiobooks from your device's app store or LearningAlly.org/app.
You can also use our web app – no installation required.
Installing Learning Ally Audiobooks in a school setting?
See our IT Guide and System Requirements.

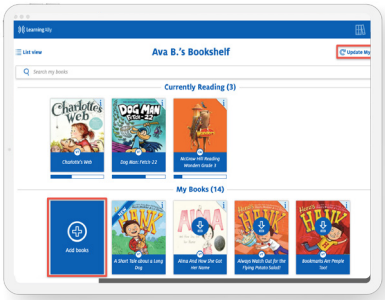
How to Use Learning Ally Audiobooks



1. Sign in with your Learning Ally username and password. If you sign in with single sign-on (SSO) credentials, select Sign On Through Your School Or District or access the audiobook app through your SSO provider's portal.



2. Your bookshelf will display all of your audiobooks. Here you can view playback progress, download books, view audiobook formats and add new books.



3. Select Add Books to search, browse or discover new books. If your teacher or parent assigned you a book, select Update My Books to see your new book assignments.

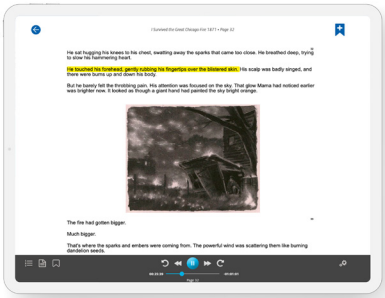
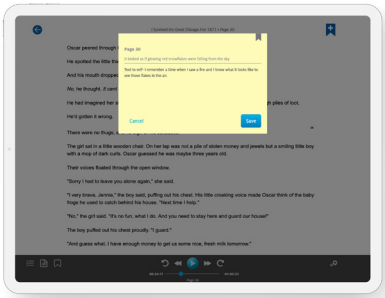
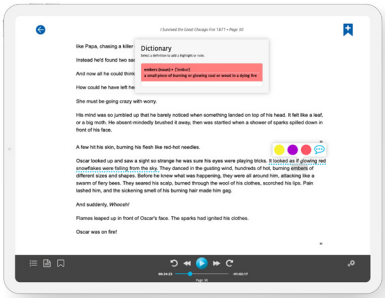
THE LEARNING ALLY AUDIOBOOK SOLUTION



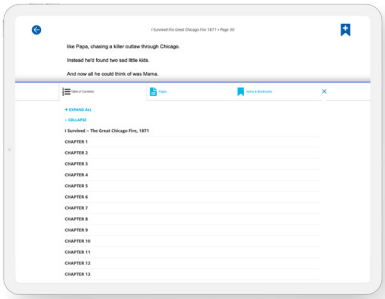
4. Use the navigation bar to play/pause, move between levels, rewind, fast forward and customize playback and text settings.



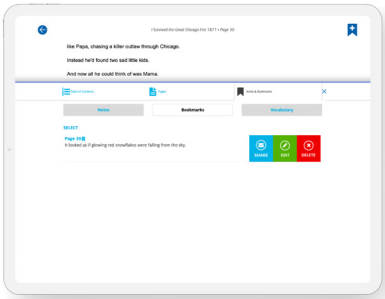
5. Add bookmarks and notes using the Add Bookmark & Notes icon. Use your device's keyboard or microphone to type or dictate your notes.



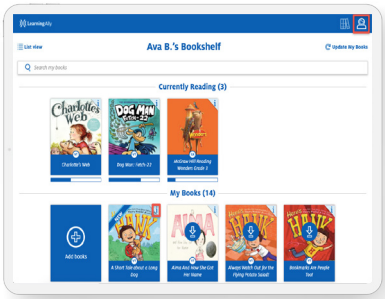
6. Use the built-in dictionary: press and hold a word (on mobile) or double-click a word (on a computer). Highlight, take notes and review words in a vocabulary list.



7. Navigate the table of contents, jump to a page, access your saved notes, bookmarks and vocabulary, and customize your reading experience.



8. Share multiple bookmarks, notes and vocabulary words by email or by downloading a text file.



9. To delete a downloaded book or remove a book from your bookshelf, select the "i" on the book cover. To delete more than one downloaded book, select Delete My Books from the menu, then select ✖ on the books you want to delete.
